HOW TO USE

How to charge your devices

Devices	Method
Smartphone	Attach it to MagSafe® Charging Surface
Apple Watch®	Attach it to Watch Charging Surface
Earbuds	Place the wireless charging case on MagSafe® Charging Surface

01. Press the power button to start wireless charging.
02. Alternatively, use the USB-C Port for wired charging.
03. If Watch Charging Surface does not start charging while MagSafe® Charging Surface is in use, press the power button once.

How to recharge Orbit Power Bank

01. Connect the USB-C Port to a wall charger using a USB-C cable.
02. Switch on the wall charger to start charging.

How to use the fill light

01. Double press the power button to switch on.
02. There are 3 levels of brightness. Each single press will increase the level by 1.
03. To switch it off, double press the button again or single press continuously until it's turned off.

Additional Info

LED Color	Status
Green	Charging / Recharging
Red	Foreign object detected on wireless surfaces

01. Orbit Power Bank will automatically switch off after 30s of idling.
02. It can charge 3 devices at once through MagSafe® Charging Surface, Watch Charging Surface, and USB-C port.
03. The USB-C port is both an input and output port.
04. It supports pass through charging. You may recharge it through its USB-C port while both MagSafe® & Watch charging surface are in use.

03 SAFETY GUIDELINES

1. **Do not** expose the product to extreme temperatures such as above 40°C and below -20°C. The optimal operating environment for the product is between 0°C and 25°C.
2. **Do not** disassemble or attempt to repair the product. Doing so may damage the product or cause injury or property damage.
3. **Do not** throw, hit, drop, or subject the product to any substantial impact.
4. **Keep** the product away from any sources of liquid, humidity, and damp environment. Additionally, avoid operating the product with wet hands.
5. **Avoid** placing any sensitive items such as credit cards, passports, key fobs, or security badges on the product or between the product and device; otherwise, the magnetic strips or RFID in these items might be damaged. If they are in the phone's casing or magnetic wallet accessories, remove them before charging.
6. **While** operating the product, remove metallic casings and do not place any foreign objects on it, especially those with metallic bodies or components.
7. **Disconnect** the product from the power source immediately if it is damaged, exposed to liquid, or the cable is frayed.
8. **Operate** the product in a well-ventilated environment. Avoid sleeping on the product or operating it on or under the bed, pillow, blanket, and your body.
9. **Keep** the product out of reach of children to avoid improper use.

04 FOR USER WITH MEDICAL DEVICE

This product, as with most that contain magnets, will emit electromagnetic fields, which might interfere with medical devices.

Examples of these devices include but are not limited to implanted pacemakers and defibrillators. For safety purposes, please consult with your physician or device manufacturer regarding the specific guidelines before using the product.

Note:

Improper use may cause injury, property damage, and may damage your device. Charby is not responsible or liable for any damage or harm incurred because of the user's failure to follow the instruction in this manual.

05 LIMITED HARDWARE WARRANTY

Charby warrants that this product will be free from defects in material and workmanship under normal use for a period of one (1) year starting from the date of delivery in the event Charby determines. In its sole discretion, that the Product suffers from material defects in manufacture and does not substantially conform to the published specifications under normal use within the Warranty Period. Charby will at its option (i) repair the Product at no charge with a new or refurbished components or (ii) replace the Product with a new or refurbished Product upon return of the defective Product. Any replacement product will be warranted for the remainder of the returned unit's original warranty period or 30 calendar days, whichever is longer.

The warranty stated herein shall not apply if (i) the Product was not used in accordance with any accompanying instructions. (ii) the Product was not used for its intended function and environment. (iii) the Product has been modified, repaired, or opened intentionally by any party other than Charby. (iv) any defects or damages caused by wear and tear, natural deterioration, accident, misuse, abuse, abnormal conditions, improper storage, exposure to moisture, dampness or corrosive environments, improper installation, incorrect voltage application, flood or liquid spillage, natural disaster or other external causes.

To the extent permitted by law, Charby does not assume any liability for the loss or damage resulting from the purchase, use or misuse of, or inability to use the Product or from the breach of the express warranty, including incidental, special, consequential or similar damages, or loss of anticipated profits or benefits. Charby's liability shall be limited to the purchase value of the product.
